NO SINGLE VERSION OF TRUTH ACROSS DEMAND & SUPPLY TEAMS

Demand says	Supply says
12,400 UNITS	**9,800 UNITS**

Two teams. Two spreadsheets. Two realities. One expensive S&OP meeting that resolves nothing.

Kinaxis® Planning One™ gives every team one concurrent plan

S&OP ON STALE DATA. SUPPLIER DISRUPTIONS VISIBLE TOO LATE.

Monday's decisions on Friday's data
S&OP reviews built on exports that aged over the weekend

Supplier disruption detected after production stops
Zero upstream visibility until a line goes dark

Real-time inventory visibility + end-to-end supply synchronization
